

Women Joining Forces with a Heart of JOY.

By Dawn L. Billings, CEO and Founder of TheHeartOfaWoman.com
and President of The Joy of Connecting®

Succeeding in life and business is tough, especially for women today. We are stressed, overwhelmed and losing our joy. We are looking for more, desire more, and deserve more than ever before but are lost as to where to find the resources we need to grow our businesses, as we long to connect with like minded women. That is why Bonnie Ross-Parker, America's Connection Diva, and myself Dawn Billings, M.A., LPC, a personality and relationship expert created *The Joy of Connecting*®, a marketing and networking venue based on the female endocrine system to meet the unmet, unique needs of women, and are in the process of building a new web presence designed especially for women called TheHeartOfaWoman.com. This is a woman's advertising and resource dream experience that will launch this month, on February 14, 2008.

If you visit a major search engine and type in the word 'woman', you will be unpleasantly surprised, as I was, at the listings you find. I was incensed but it made me all the more determined to create a website that will allow women everywhere an opportunity to take back their name, gender, and place in the world as we elect to come together as a powerful community of one. It is time to join together in the strength of our grace, dignity, creativity and resourcefulness as we finally become what we are destined to be; the heart and strength of connection for our communities.

This unique new website www.TheHeartOfaWoman.com, affectionately referred to as The H.O.W., launching February 14, 2008, will only accept 1000 Founding members. These Founding members will receive drastically reduced membership rates. Visit TheJOYofConnecting.com to find information about a networking gathering near you and get in the queue of www.TheHeartOfaWoman.com so you can be one of the first 1000 Founding members. Both of these companies are designed to build businesses while building relationships that support, nurture and connect women.
